About ARCFS

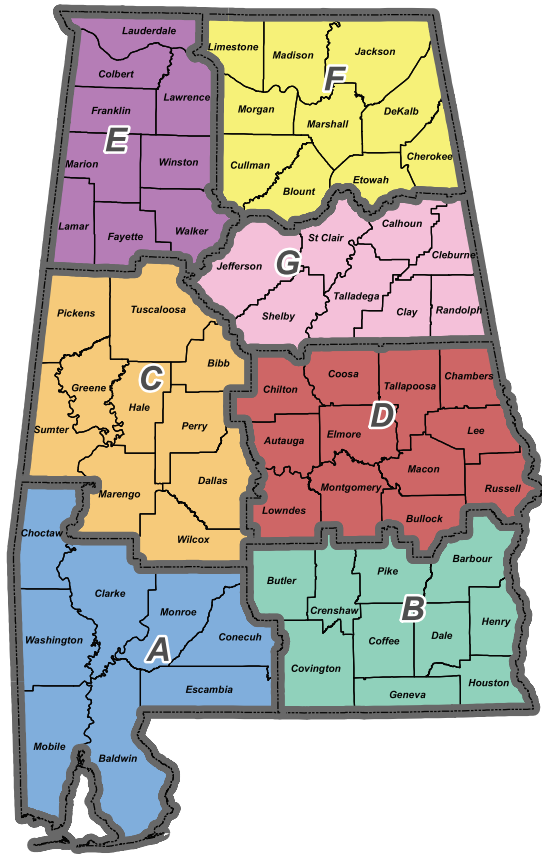

The Alabama Recovery Coalition is a non-profit organization dedicated to ensure the resiliency and availability of Alabama's financial community at the time of an event.

Highlights

Since inception of the Coalition on June 1, 2006, over 115 banks in the State of Alabama have come together to form an alliance in communication planning, credential access to a disaster area at time of an event, as well as working closely with the Emergency Management Association and the regulatory agencies.

Highlights of accomplishments thus far:

- Established a Credential badge approved by the State Emergency Management Association. Over 1,500 badges have been printed for participant banks in the event of an emergency.
- The Coalition has a seat on the State EOC.
- A Communication database has been created for contact and assistance in the event of a disaster in any region of the state.
- The State has been divided into 7 regions for effective communication and coordination with the state EMA.
- A website has been created for communication and access to detailed information.
- Coalition has been formed as a non-profit 501 (c) corporation.
- Coalition is part of the national Regional Partnership Council for Emergency Preparedness by the Financial Sector.
- There are currently 127 banks in the State of Alabama participating in the Coalition.

Alabama Energy Management Divisions

Mission Statement

To ensure financial services are available to the citizens of Alabama in the event of a natural or unnatural disaster or event, while ensuring the safety and wellbeing of financial institution staff and families.
